Drive with OSRAM into a more emission-free future

Discover the world of electric driving with OSRAM. Charge your all-electric or plug-in hybrid vehicle from type 2 at any compatible charging station equipped with a 32A (3-phase) type 2 connection. The charging cable is equipped with ergonomic handles for optimal handling and has a cable length of 5 meters. It is suitable for use at public charging stations and at home. In addition, the charging cables are equipped with dust protection caps and tested for water resistance according to IP65 and shock resistance according to IK10. Even when connected, the electrical contact points are protected against the ingress of dust and splash water in accordance with IP65 and IK10. The scope of delivery also includes a durable, compact storage bag to neatly store the cable after charging. In addition, the product is TÜV and CE certified and comes with a 2-year guarantee*
